A Personal Message

IN PRESENTING this catalog to our dealers a double pleasure is ours—that of genuine service and that of achievement. The following pages contain the fullest and most complete line of Eversharp Pencils and Wahl Pens ever offered.

All the old favorite numbers are here, and many new ones. New sizes and designs have been created in response to popular demand and are now shown for the first time. There is literally no writing need that cannot be ideally filled from the pages of this book.

The quality of our products is higher today than even Wahl quality has ever been. None but the finest materials are employed in the production of Eversharp and Wahl Pen. The genius of the designer, the skill of the trained workman, and the consummate artistry of the finisher have been united in giving to the public the finest writing instruments the world has ever known. The Wahl line represents the ultimate in mechanical refinement, efficiency and beauty.

No more conclusive proof of the supremacy of these writing tools can be offered than the fact that over fifteen million people use Eversharp, Wahl Pen or both. These products gain in favor every day. More are being sold today than ever before.

Of special interest to every dealer will be the new gold-on-silver Eversharps (pages 12-13), the enameled pencils—regular and checking size, the latter in five colors of lead—(Page 21), the new hexagonal pencils (Page 20), and the specially marked Eversharps on Page 22. These, together with the Eversharp Service Kit shown on Page 48, are entirely new sources of profit to you. The new Wahl Pen with the all-metal barrel (Pages 25-28) opens another hitherto untouched field to our dealers.

Our dealer service features are better this season than they have ever been. Notice the magnificent display cases pictured on pages 45-47. See, too, the beautiful gift boxes on pages 44, 50 and 51. These are but a few of many things that make it easy and profitable for you to sell our products. We pledge ourselves anew to the fullest co-operation with every dealer selling Eversharp and Wahl Pen. We can and will serve you in many ways. Our gigantic national advertising campaign, the splendid sales-building material of all kinds—window and counter displays, signs, posters, circulars, blotters—with which we will supply you, and the unsurpassed quality of the goods themselves, all mean dollars of profit in the pocket of every dealer who "ties up" his store with Eversharp and its "write-hand companion," Wahl Pen.

Most cordially yours.

THE WAHL COMPANY

President

IT IS a far cry from the primitive writing tools of the ancients to EVERSHARP—the modern writing wonder.

EVERSHARP is the last word in pencil construction. It is mechanically perfect, made throughout of the finest materials by skilled craftsmen. Every part is made with jeweler precision, and is carefully inspected

before and after assembling to make sure that the pencil will give perfect writing service.

EVERSHARP is equipped with the wonderful patent rifled steel tip which holds the lead firmly, cutting tiny grooves in the lead as it passes through. The inside of the tip is rifled with the same accuracy used in making the finest rifle and gun barrels. The lead can't slip or turn. The tiny "teeth" (the rifling) hold it in place at all times. The rifled tip identifies the genuine EVERSHARP.

EVERSHARP Leads are calibrated to fit exactly the rifled tip. Made especially for EVERSHARP, perfect writing results follow the use of the two together. EVERSHARP Leads come in black (seven grades of hardness) and indelible.

With the exception of the new No. 100 checking pencil, every EVER-SHARP has an eraser. EVERSHARP erasers are made of a good grade of rubber, and are very serviceable.

Beautiful, useful, durable, economical, *EVERSHARP* truly holds first place among fine writing instruments. It is always ready to write. It has just the right weight, balance and "feel". Over ten million *EVER-SHARPS* are giving splendid service every day.

The name "WAHL EVERSHARP" is on every genuine EVERSHARP pencil. On the gold and silver numbers it is marked near the end of the barrel, just below the eraser cap. On the enameled numbers it is stamped on the side of the barrel.

The name *EVERSHARP* is your guarantee of pencil perfection. It is the trade mark of our product and cannot be lawfully applied to pencils, leads or erasers of other makes.

EVERSHARP LEADS

Eversharp leads, in red top containers, are specially made to fit Eversharp pencils. They are calibrated to fit the patented rifled steel tip of Eversharp. They are strong, fine and write very smoothly and easily.

Only the genuine *Eversharp* leads should be used in *Eversharp* pencils. The combination gives perfect writing satisfaction.

Sliding box containing 12 dozen Eversharp leads in bulk. Ideal for use in offices.

Eversharp leads are made in the following grades:

Red top wooden tube for Eversharp checking leads. Each tube contains six leads of one color.

They are packed in red top containers as follows:

12 Eversharp leads in one red top steel tube.

12 red top steel tubes in 1 red top cardboard box; 1 gross leads in all.

12 red top cardboard boxes in one large red top carton; 12 gross leads in all.

144 leads in red top sliding box (see picture at left center of page.)

6 Eversharp checking leads in red top wooden tube (see picture at right center of page.)

Every Eversharp owner is a constant user of Eversharp leads. This means a steady flow of repeat orders into every store where they are sold and displayed.

EVERSHARP ERASERS

Made of a fine grade of rubber to fit Eversharp pencils. Eversharp erasers are another constant source of profit to dealers who handle and display them. Eversharp erasers are packed one dozen in a neat cardboard box, as shown at the right.

THE NEW EVERSHARP RIBBON GUARDS

The ribbon guards shown here are carefully made and assembled. The ribbon itself is of a fine grade of silk; the slide and clasp of the first three guards shown above are silver plated, while those of the last three are gold filled.

Ribbon guards of the type pictured here are much in vogue, and ladies everywhere are wearing them, as they are not only stylish, but useful and beautiful.

Eversharp ribbon guards are sold only in the assortments listed below. Every assortment (six guards, each mounted on an individual card) is mounted on a handsome counter display card printed in beautiful colors.

EVERSHARPS WITH ENAMELED EMBLEMS

We can fill orders from stock for EVERSHARPS bearing emblems on top of the cap, enameled in colors, of the following fraternal orders:—Blue Lodge, Shrine, Elk, M. W. A. and K. of C.

In addition, we can furnish on special order EVERSHARPS bearing the enameled emblem of any corporation, club, fraternal order or educational institution, on top of cap, as shown above. Write to Industrial Sales Division, The Wahl Company, for special proposition.

STAMPED OR IMPRINTED EVERSHARPS

Above are shown samples of EVERSHARPS with specially marked barrels. EVERSHARP is the ideal advertising novelty, and many organizations will be glad to purchase large quantities for distribution as souvenirs and for advertising purposes. Also many corporations will want EVER-SHARP marked (for the purpose of identification) for use within the organization.

We are prepared to furnish EVERSHARPS, in all styles, with any design or lettering desired. Write to Industrial Sales Division, The Wahl Company, for special proposition.

A New Pen for All Men

The following three pages show the sensational new WAHL PEN with

the all - metal barrel (gold-filled). An entirely new principle of pen construction has been employed by *Wahl* in making this new pen.

Unlike other pens, the barrel of this new WAHL PEN is made entirely of metal. There are no inner walls of hard rubber.

Men will like this new pen because it holds more ink than other pens of its type, because it is always ready to write as soon as the pen touches the paper, because it represents remarkable dollar-for-dollar value and because it matches *EVER-SHARP* in design, beauty and quality.

The sectional view on this page shows how the all-metal barrel permits the use of a very large ink sac, making frequent filling unnecessary. It also shows the simple sensible construction of the pen complete.

Every man who owns an EVER-SHARP will want a new WAHL PEN to match. Made in five standard EVERSHARP designs, three sizes, and furnished with twenty-nine styles of gold nib in the two larger sizes (six in the smallest), it fills the writing needs of every man.

It's a man's size pen and with a man's size nib. Its ink capacity is unusually large. Elimination of the hard rubber inner wall has made it possible for us to equip it with a No. 3, 4 or 5 nib, according to size, something hitherto impossible in a gold filled pen on account of space limitations.

"A Pen With Your Personality"

THE WAHL PEN embodies the latest ideas and most scientific principles of fountain pen construction. Years of research and experimenting have developed this better pen.

There is a WAHL PEN to meet the requirements of everybody. With scores of models and over sixty styles of gold nibs from which to choose, every person can select a WAHL PEN that suits his or her particular style of writing.

A lifetime of perfect writing service is contained in every WAHL PEN. Quality is built into each pen. The material used in making each part is the best and most durable for its specific purpose.

The scientific Wahl comb feed, which holds ink as a comb holds water, automatically regulates the flow of ink at all writing speeds. WAHL PEN writes at first touch, no scratching or shaking being necessary to cause the ink to flow.

Each 14 karat solid gold Wahl nib is strong, flexible and durable and undergoes a series of rigid tests before it leaves the factory, thus insuring perfect writing service.

Each Wahl gold nib is pointed with the finest grade of hard iridium. When you write with a WAHL PEN the only part touching the paper is this fine iridium point, which is extremely hard, smooth, finely polished and finished, and durable. The use of the Wahl nib is a guarantee of many years of writing satisfaction.

The duralastic ink sac is, as its name implies, very durable and elastic, and holds a generous supply of ink at each filling.

"Sweating" or leaking in the pocket is prevented by the air-tight chamber in the cap. This chamber also keeps the point moist for instant writing.

The built-in Wahl roller clip holds the pen firmly in your pocket and prevents the pocket from becoming torn or worn out.

ONE of these handsome display cases in your store will actually sell *EVERSHARPS* and *WAHL PENS* for you. Every case shown on these three pages is a silent salesman of unusual worth. Not only do they sell goods for you, but they add materially to the attractiveness of your store.

We will loan you one of these cases, finished in mahogany or oak, without charge, with an order for an ideal assortment of fast selling numbers selected from our line. Write us for circular showing assortments

for the various size cases.

Case Number 2, at the right, holds two dozen EVERSHARPS and eight dozen tubes of EVER-SHARP LEADS. Finished in oak or mahogany, as desired, with glass top and plush-lined trays. Size, 17 x 9 inches x 7¾ inches high. The rack in back is designed to hold attractive display card, a series of which, in beautiful colors, is sent with every case. Has lock and key.

Case Number 4, at the left, is is similar in style to the No. 2 case described above, only that it holds four dozen EVER-SHARPS and eight dozen tubes of EVERSHARP LEADS. Size, 17 x 15 inches x 8½ inches high. Ideal for use on counter or stand. Has lock and key.

Case Number 6, at the right, is our largest counter case, holding six dozen pencils or pens, in plush-lined trays. Finished in mahoganyor oak. Size, 18×16^{3} 4 inches, 16 inches high. Has storage space in the bottom for extra stock. Fitted with lock and key.

Case Number 8, shown at the left, is beautifully and substantially made throughout, and is fitted with plush lined trays to display eight dozen pencils or pens. Size, $16\frac{3}{4}\times15\frac{1}{4}$ inches, 42 inches high. It is finished in mahogany or oak, as specified, with ornamental beading on the front panel. A large storage space in the bottom will hold extra stock, service kit and extra parts, etc. Has a good lock and key.

Case Number 8A, at the right, is similar to the number 8 case above, with the exception of the glass front which is straight instead of slanting. This gives an abundance of writing space on top, which will be very useful in making pen sales. Holds eight dozen EVERSHARPS or WAHL PENS. Size, 16¾x15½ inches, 42 inches high. Handsomely finished in either oak or mahogany, with ornamental beading on front panel. Has large storage space in bottom, and is fitted with a good lock and key.

Page Farty S. 1

Case No. 8B, pictured at the right, is designed especially for those wishing a deep case. Will hold eight dozen EVERSHARPS or WAHL PENS in its plush-lined trays. Size 16x24 inches, 42 inches high. Substantially made, with all parts carefully fitted. Finished in either oak or mahogany finish, beautifully polished, and has ornamental beading on front panel. Has large storage space in the bottom for extra stock. Equipped with lock and key.

Case No. 12, at the left, is our largest and most attractive case, finished in oak or mahogany, with ornamental beading on the front panel. Holds twelve dozen pencils or pens in its plush-lined trays. Size 24 inches square. 42 inches high. Has large storage space in the bottom and is fitted with lock and key. Any dealer may feel justly proud to have this beautiful display case in his store.
